Blue Mountain Academy

2024-2025 Local Church Financial Aid Commitment

To be completed by family's church pastor or treasurer

This form is required if the family is applying for any financial assistance from school or church

Blue Mountain Academy works to identify the specific needs of each family and assists in preparing a payment plan. The family listed on this application have expressed a financial need. BMA is willing to stretch the tuition payments up to 11 months to better accommodate the family's needs, but the school depends on the home church to assist with their financial need. In the process of preparing a payment plan we need to include the financial aid funds that the family will receive from their home church.

Please fill in the following information: (one per student)

Student name: _____

This student/family is a member of the _____ Church.

Please select all the options that apply:

- The Church has a student aid program (Not Matching/Three Way Plan)
 - The church will send \$_____ for _____ months to the school for the student.
 - The church will send \$_____ lump sum to the school for the student.

- The Church participates in the **Matching/Three Way Plan** program in which BMA matches a portion of the funds sent by the church to the school for the student.
For any funds received up to \$1,500 per dorm student and \$1,000 per day student, BMA matches 200% of funds received from any PAC church and 50% of Non-PAC churches. Funds must be sent directly to the school by the church.
 - The church will send \$_____ for _____ months to the school for the student.
 - The church will send \$_____ lump sum to the school for the student.

- The Church does not have a student aid program and will not be able to provide financial assistance to the family.

Church commitment to be signed by church pastor or treasurer

BMA will **NOT** invoice churches for this or any external financial aid funds.
