

PROPOSED AD BUILDING PLAN

Foreword—

The sound of happy voices, the spirit of good sportsmanship, the memory of momentous decisions—all combine to enrich our experiences here at Blue Mountain Academy.

I am bigger than anything that can happen to me. All these things, sorrow, misfortune, and suffering, are outside my door. I am in the house and I have the KEY.

Charles Fletcher Lummis

You are about to unlock the memories of 1959-60. We, the annual staff, are pleased to present the KEYS. You, the students, are in this "House."——

HERE ARE THE KEYS . . .

In Dedication

Because of your love for students, your untiring efforts in behalf of religious principle, your devotion to Blue Mountain Academy, your understanding counsel, we, the Blue Mountain Echoes Staff of 1960, lovingly dedicate this book to you, Mrs. Betty Kidder, our Registrar.

May you know that your contribution to Christian education in this place has not been in vain, for this contribution (as small as you may think it to be), has reverberated to the ends of the Columbia Union and beyond. Yours has been the example of the fulfillment of the Biblical adage:

"Whatsoever thy hand findeth to do, do it with thy might."

Dear Student:

As you turn the pages of this annual you will capture anew the memories of the school year 1959-60. These memories will be varied - some in the scholastic areas, others in your work, and still others in your social and recreational outlets. Whatever may be recalled I trust you will think of the main purpose for which we have a Christian school such as Blue Mountain Academy. This purpose is to bring our minds into communion with the mind of God. Always keep before you the purpose expressed in the following statement:

"Whatever line of investigation we pursue, with a sincere purpose to arrive at truth, we are brought in touch with the unseen, mighty Intelligence that is working in and through all. The mind of man is brought into communion with the mind of God, the finite with the Infinite." Education Page 14

Sincerely yours,

B. Charles Dent

Think about this...

If your plans don't call for college, plan again. The popular idea that college is for intellectuals with money was never so wrong. For the fifty-seventh year the portals of WMC swing open this fall to youth with trust, sense and ambition. Earn a degree from an accredited school where culture, campus and classes make school in Washington a must for you.

BERKS FARM BUREAU CO-OPERATIVE ASSOCIATION

P.O. Box 188, Temple, Penna.
LAURELDALE Walker 9-0735

The Co-operative movement offers to the youth an honest and democratic way of life. Co-operation is not only morally beautiful, but economically effective. When a group of farmers help their neighbor to build a barn in time of trouble, the oft quoted, "Competition is the life of trade" fades into oblivion.

Competition becomes tolerable when it is mellowed by generous doses of Co-operation. Competition may be a stimulant of sales, but Co-operation is the life of the whole economic process.

Co-operative Education is the process of teaching human beings to live in ways which contribute to the welfare of their fellow human beings.

It is economically effective because it does business for its members, people get together to provide a service for themselves.
