Volume 17
Hamburg, Pa.

We would like to dedicate this year-
book to our parents who mean so much
to us.

Blue Mountain Academy doesn't claim to have the solution to all of life's puzzles. But rather its objective is to acquaint its students with the Master Key — Jesus Christ.

The board is intensely interested in Blue Mountain Academy as a whole and in its students as individuals. It is the members' objective to provide the best physical, mental, and spiritual opportunities for christian youth.

PRINCIPAL'S MESSAGE

Dear Student:

Life is made up of many unknowns. During the 1971-72 school year you have completed an important section of your life's puzzle. The opportunities you have had, the challenges you have met, and the victories you have won form a part of the total picture.

God sometimes leads us in mysterious ways which are not always our ways, "Many times His way of dealing is so contrary to our plans and expectations that we are amazed and confounded. We do not understand our perverse natures, and often when we are gratifying self, following our own inclinations, we flatter ourselves that we are carrying out the mind of God; and so we need to search the Scriptures and be much in prayer that according to His promise, the Lord may give us wisdom." T.M., p. 503

God will add meaning and dimension to your experience as you allow Him to work out His will in your life. Hold on to God by faith and He will lead you safely through the unknown to a life filled with eternal peace, joy, and happiness.

It has been my pleasure to assist you in your educational development this year and I pray that you will allow God to lead you every step of the way.

Sincerely,

What are these kids coming to?

They're coming to realize that there's more to life than a fast buck that comes from a materialistic society. They're more interested in contributing something to society by helping people. One of the best ways is by helping people who aren't in the physical shape they should be. Medicine and its related fields can be a rewarding profession for people with a sincere desire to help make things better for everyone.

The Last Word: "It Pays"

Your college time should be a happy time. The most significant learning takes place when you are relaxed and enjoying yourself. The unique, collegial relationship of students and faculty at Columbia Union College promotes this kind of atmosphere. Columbians are learning because they're happy.

Your college time should be a healthy time. If you lose your health, you will lose everything. Columbia Union College places the highest premium on your well-being. Columbians are learning because they're happy — and healthy.

Your college time should be a holy time. To attend a Seventh-day Adventist college is to encounter the Infinite. You are of all students most fortunate — you who work with godly men and women, you who feel the power of the Holy Spirit, you who hear and answer Christ's call to a life of selfless service. Higher education at Columbia Union College is a mountaintop experience because you rise above things earthly, things temporary, to grasp concepts heavenly, ideals eternal. Columbians are learning because they are happy, because they are healthy, and because they are learning how to be holy.

Columbia Union College is committed to serving you, the students of Blue Mountain Academy. You will find on this campus that special experience of maximum fun, optimum health, and a very personal sense of the abiding presence of God. Just in these three aspects of life alone, college time at Columbia Union College does not really cost. It pays — and pays — and pays.

Sometimes, not often enough,

We reflect upon the good things.

And those thoughts always center around those we love.

And I think about those people

Who mean so much to me,

And for so many years have made me so very happy.

And I count the times I have forgotten

To say, thank you,

And just how much I love them.
