"GLORIFYING GOD with Graphic Impressions"

DEDICATION

For many years the Seventh-day Adventist youth in Pennsylvania were missing something. These youth did not have a boarding school to attend where they could learn to pattern their lives after the image of God. Although striving to live Christian lives in their own communities, many were actually following the silhouette of Satan.

Under the direction of Elder T.E. Unruh, Conference President from 1948 to 1960, plans were made for our Blue Mountain Academy. Many dedicated, hard-working Seventh-day Adventists sacrificed so they could see the reflection of Jesus in their young people's lives.

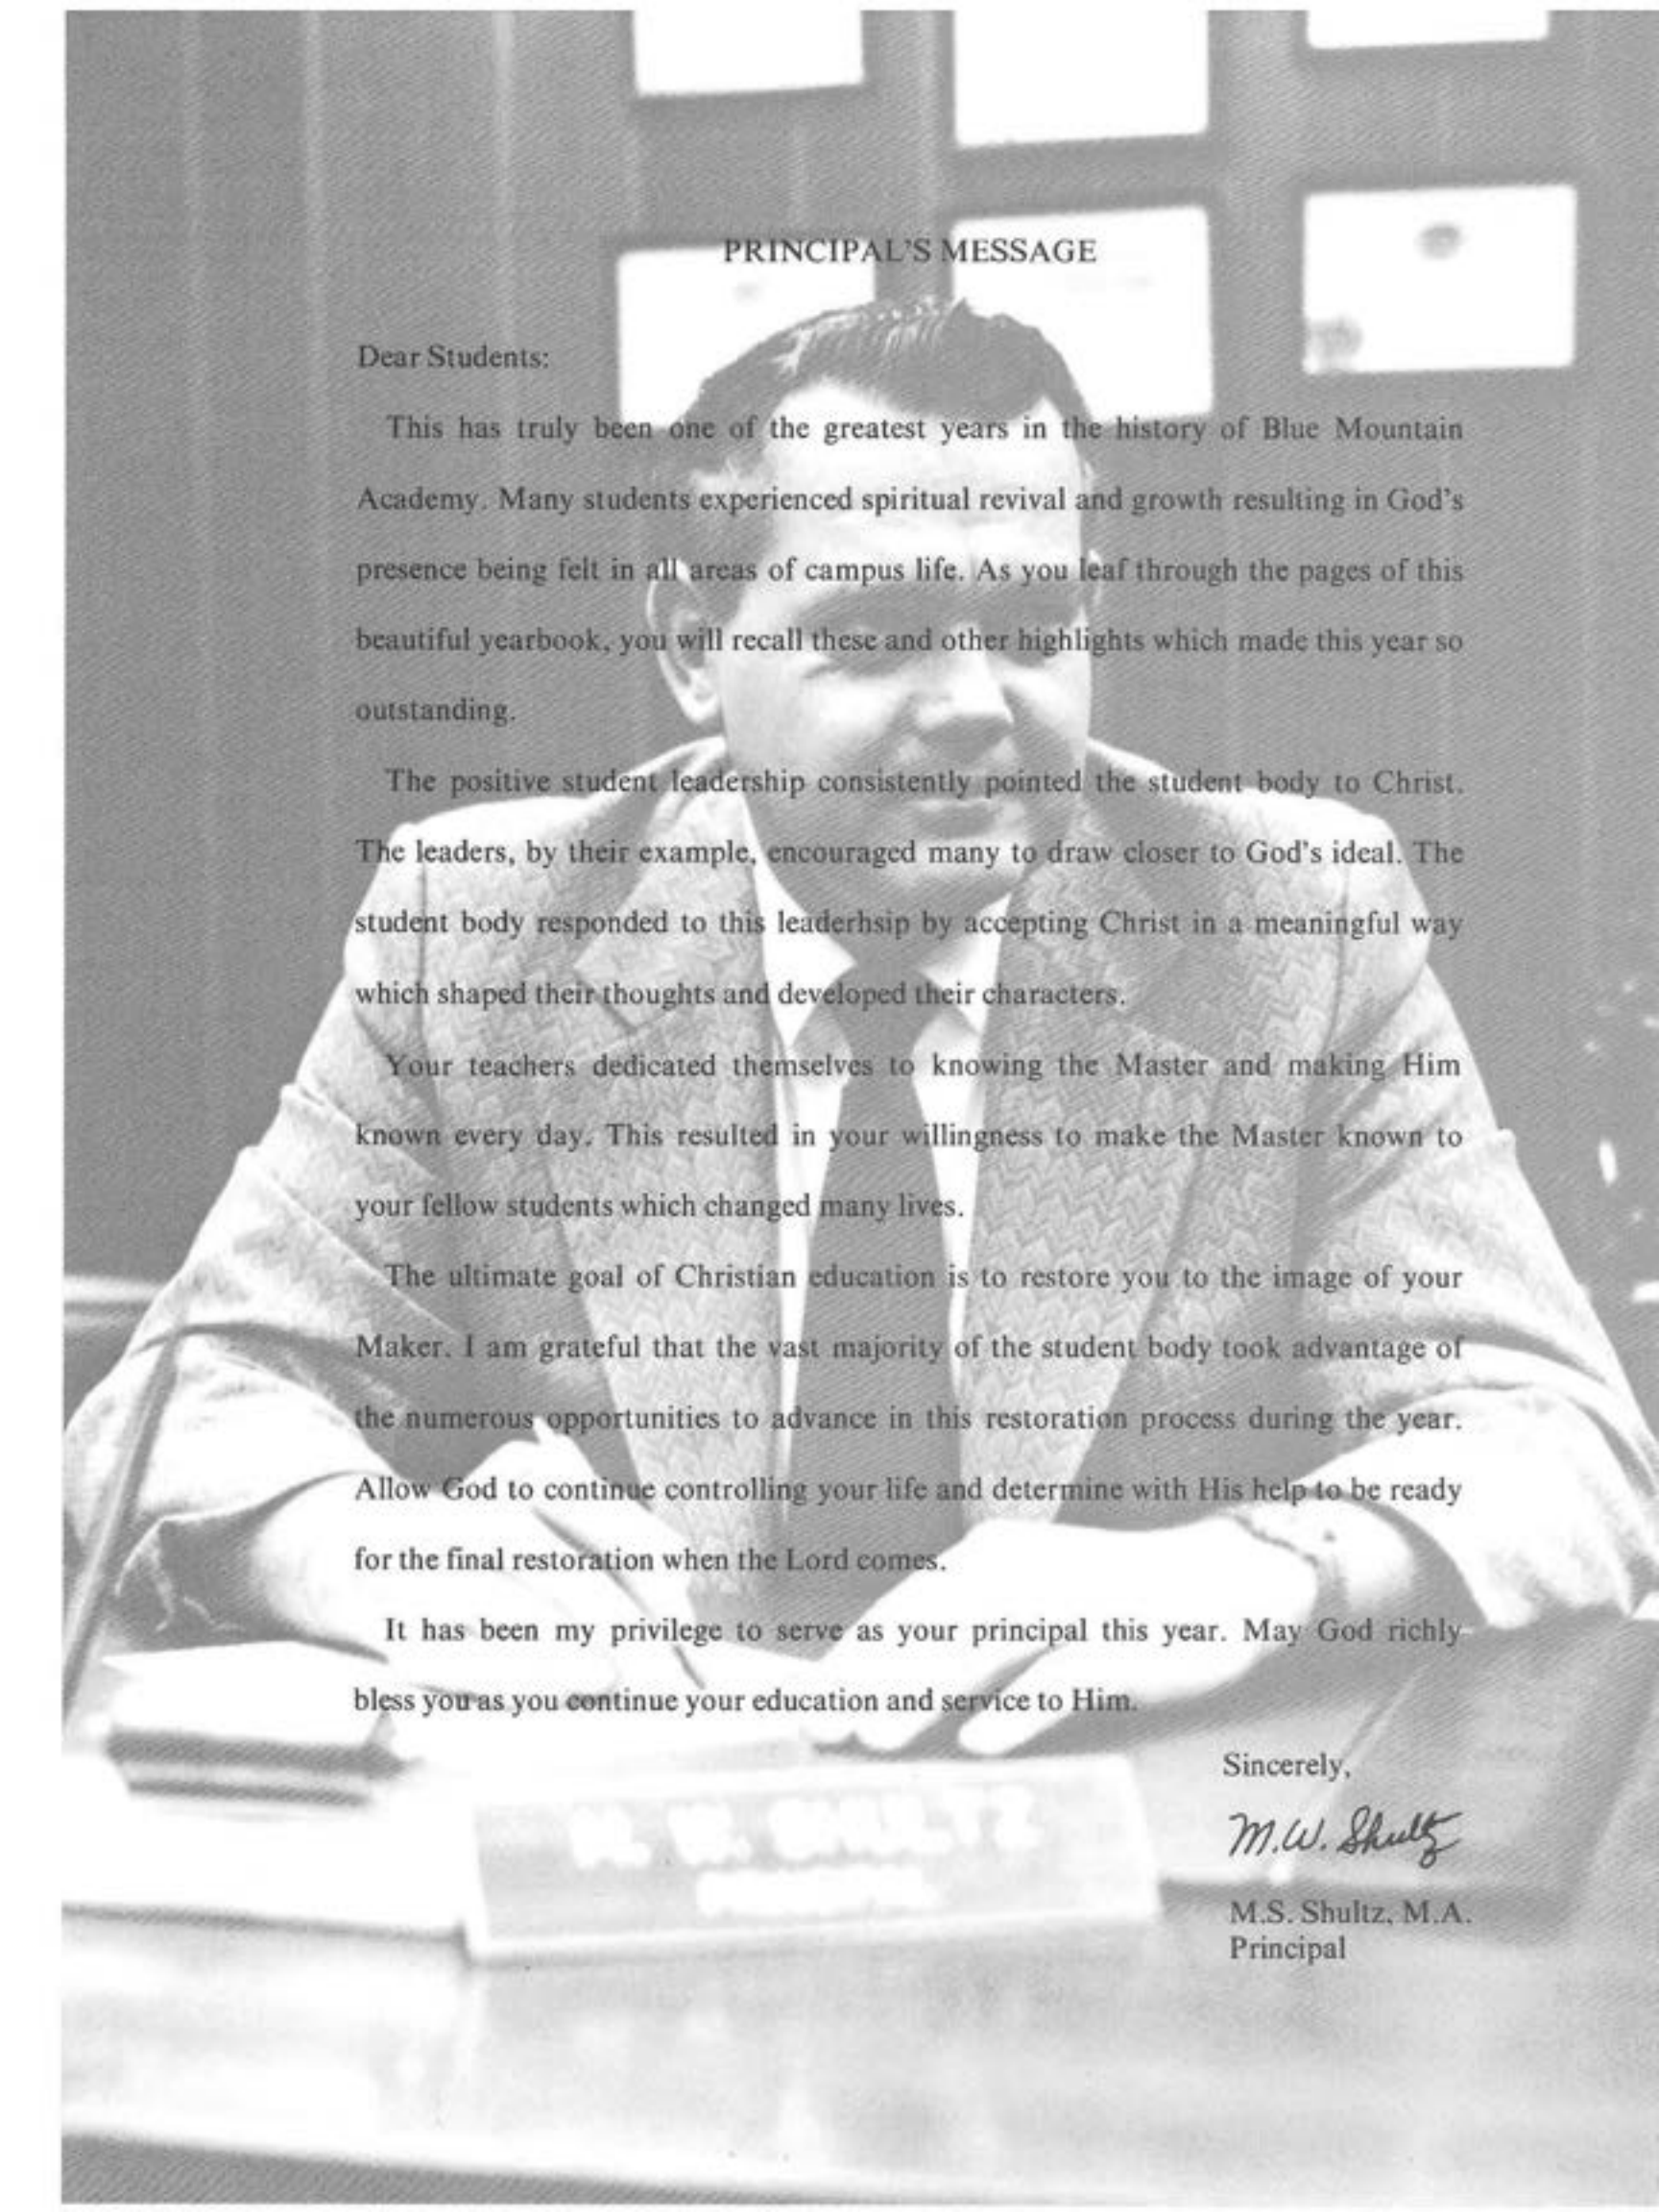

Too often we take for granted the hard work that went into building this Christian school where we can now learn to pattern our lives after the greatest image—Jesus Christ. This is why in 1973 we would like to look back and thank all those who helped to make Blue Mountain Academy possible.

“God created man in his own image.”
Genesis 1:27

Looking toward the image of God in
every aspect of our lives.

PRINCIPAL'S MESSAGE

Dear Students:

This has truly been one of the greatest years in the history of Blue Mountain Academy. Many students experienced spiritual revival and growth resulting in God's presence being felt in all areas of campus life. As you leaf through the pages of this beautiful yearbook, you will recall these and other highlights which made this year so outstanding.

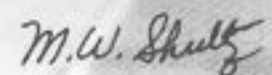

The positive student leadership consistently pointed the student body to Christ. The leaders, by their example, encouraged many to draw closer to God's ideal. The student body responded to this leadership by accepting Christ in a meaningful way which shaped their thoughts and developed their characters.

Your teachers dedicated themselves to knowing the Master and making Him known every day. This resulted in your willingness to make the Master known to your fellow students which changed many lives.

The ultimate goal of Christian education is to restore you to the image of your Maker. I am grateful that the vast majority of the student body took advantage of the numerous opportunities to advance in this restoration process during the year. Allow God to continue controlling your life and determine with His help to be ready for the final restoration when the Lord comes.

It has been my privilege to serve as your principal this year. May God richly bless you as you continue your education and service to Him.

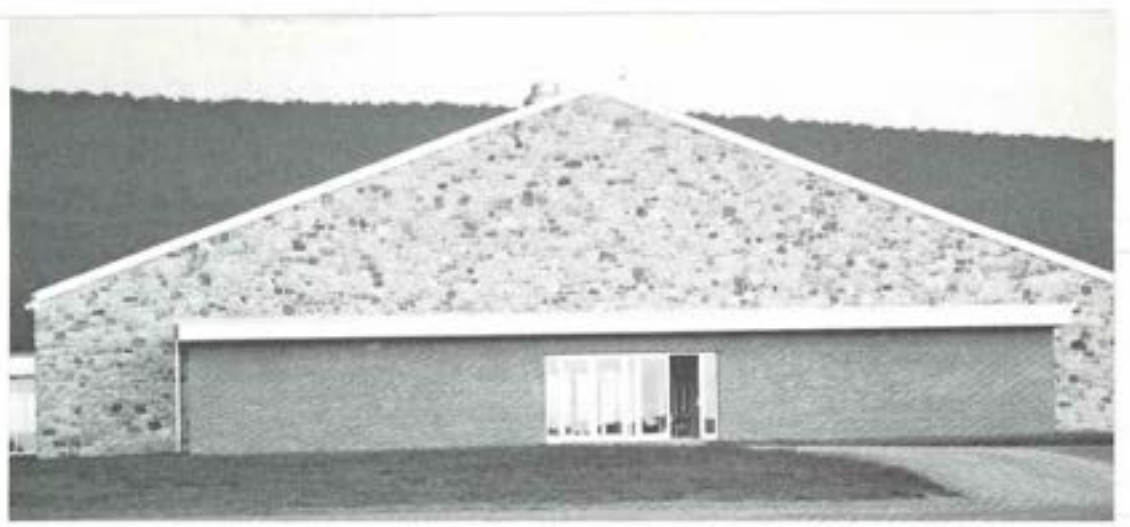

Sincerely,

M.S. Shultz, M.A.
Principal

What are these kids coming to?

They're coming to realize that there's more to life than a fast buck that comes from a materialistic society. They're more interested in contributing something to society by helping people. One of the best ways is by helping people who aren't in the physical shape they should be. Medicine and its related fields can be a rewarding profession for people with a sincere desire to help make things better for everyone.

Dear Friend,

Must I walk alone down long empty corridors and pass myriad doors with quiet echoes of my mind. Please, dear friend, give me some meaning to life. Give me just a little of your love so that I may spread some sunshine to another's life. Then when I have learned the true meaning of love, I will find peace and happiness in the silence of echoes.

A seeker of LOVE,
