FIND US FAITHFUL

We're pilgrims on the journey
Of the narrow road
And those who've gone before us
line the way Cheering on the
faithful, encouraging the weary
Their lives a stirring testament to
God's sustaining grace

Surrounded by so great a
cloud of witnesses
Let us run the race not only for the prize
But as those who've gone before us
Let us leave to those behind us
The heritage of faithfulness passed
on through Godly lives

Oh may all who come
behind us find us faithful
May the fire of our
devotion light their way
May the footprints that we leave
lead them to believe
And the lives we live inspire
them to obey
Oh may all who come behind
us find us faithful

After all our hopes and dreams
have come and gone
And our children sift through
all we've left behind
May the clues that they discover
and the memories they uncover
Become the light that leads them to
the road we each must find

Oh may all who come behind us find us faithful
Oh may all who come behind us find us faithful

soph-o-mor-ic (sofe-morik) adj. 1. Of , pertaining to, or typical of a sophomore. 2. Brash and overconfident but immature and ill informed.

So we've been here a year already...well most of us. We know the rules and the tricks of the trade. We've made some friends yet we feel left out. We are no longer the cute little Freshmen but we're not Seniors. What's going on here? It feels like we're in limbo.

One thing about your sophomore year is that it's hard. One of the main reasons is because now you have no excuses. You're already used to the curriculum and you can't blame your bad grades on adjusting to a new environment. A good thing about being a sophomore is that you're a year away from being an upperclassman. So hang on...pretty soon it will be May 1998 and then we'll be gone forever.

Being a freshmen can be difficult. It is a complete change from everything you are used to. Coming from a small one room church school doesn't help. There I was the oldest in the whole school. Here, it's like going back to the first grade! You have no idea where to go, what to do, and how to do it. You have to make a lot of new friends. It seems as if everyone knows everyone else except you. You also have a chance to get out of your house and be somewhat on your own. It makes you want to go back home more than any other time. Being a freshman can be a good and bad experience.

FACULTY

Helpers of the HARVEST

Here they are, the faculty of Blue Mountain Academy. Without them there would be no purpose for this institution. No one would be able to administer, educate, support or help the students achieve their HARVEST.

Though at times we don't understand WHY some rules are imposed, we must try to realize that most of those rules will help us throughout our lives.

The support, the guidance and the teachings are what nurture us, the seeds, and help us reap a good HARVEST.

Ola!

What makes our lives at BMA so interesting? The diversity of the students. Here at Blue Mountain we're fortunate of having the chance to meet different cultures. Maybe our roommate is from a different country or maybe your new best friend is a foreign student. Either way, we're able to see how America is not the only country in the world.

F.O.C.U.S. WEEK

The Cauleys sang for special music one night.

After every night's meeting, Brother Frank Rumels takes time to talk with and get to know everyone better.

Kimberly Forsythe and Brother Frank search the Bible for fascinating new promises.

We should all be thankful for the pianists that help make our song services even more special. Susen Weis is one of them.

Organ & Piano Students

BMA Leadership

ECHOES STAFF

1995-1996

I'm very grateful for the help and support I've received while working on the yearbook. It's not an easy job, but with the help of my staff I was able to get through it.

Thank you guys for putting in your extra time to come and help me. Hey Mr. Hueny, thanks for putting up with my anxiety attacks. Mrs. Oswald and Dustin, thanks for helping me with my deadlines.

The martians are coming. The martians are coming!

"BMA Girls' Dorm,"
Di'Celenia cheerfully answers.

Jen Brown learns that she may have already won one million dollars, a house in Beverly Hills, a different colored Jaguar for every day of the week...

Continuing the tradition of breakfast in bed, Mrs. Corbin hands Katy Shoemaker her milk and Cheerios.

Unruh Hall

After returning from a hard night at rec, Kester washes his hands.

Chris Stiles converses lightly with his jolly fellows before tea and crumpets.

Chris Edwards spends some time with his ubiquitous and unending friend, laundry...then again, don't we all?

The guys seemed to have had some trouble paying attention this night

It may not look like home, but, between homeleaves, it's as close as a lot of people get. (That's Adam Drumbeller)

As the guys enter for dorm worship, Dean Ringer looks on with pride.

Frank Williams thinks, "Mmm...this apple looks so real. I wonder how it would taste?"

CUC College Days

Every year CUC invites all the academy seniors from the Columbia Union Conference to their college days (Oct 8-9). All the seniors attended three classes which were focused on their intended

major or interests. They included: Education, Computer Science, Mathematics, Biological Sciences, and much more. To conclude the trip, they gave them an afternoon in Washington, D.C..

"The Capitol... how long will it last?", is a question of the many visitors to Washington, D.C.

Romina R. and Stacy K. rest their feet from their long hike of D.C.

The class of '96 pose as future leaders of America. Who knows? Maybe the next President is standing there among them.

Outdoor School

October 2, 1995

Every year BMA plans an outdoor school day sometime during the fall. It is a time when students are able to learn a diversity of things without having to sit in the classroom listening to a teacher. There are many options available. Here are some of them: whale watching on the jersey shore, water skiing at Blue Marsh in Reading, a coal mining tour in Scranton, cave exploring, an amish/mennonite tour, day and overnight hiking on our beautiful Appalachian trails, bear searching, a visit to the the Longwood Gardens, a bicycle tour, and an overnight canoe trip. Students are able to pick their favorites and are placed from Senior to Freshmen... of course:).

A seagull soars above the Atlantic Ocean as BMA students pass by on their whale excursion.

Alex Croitoru stands still for a moment to ease off her motion sickness.

These four seniors, Heath, Heather, Di and Kevin, pose in front of their newly bought coal mining mansion!

We're not quite sure where this group went for Outdoor School.

Erica Swingholm enjoys herself immensely as she holds for dear life.

Heather Mattison squirms away from the crab as Mrs. Hallman looks on.

Karlee Marshner happily helps to pick apples for the people of the community.

Amanda Edwards and Heather Mattison help repair an old church.

Junior, Jean Tapia picks trash along the road while hoping that a speeding car won't hit him.

Jeff Clark talks with students at the PA School for the Deaf. Standing by are Karen, Heather, Sasha, and Mildred.

Service Explosion... exercising our HARVEST

J.J. Shobe, Jerimiah Brown and Jason Smith pick-up wood debris and burn some trash.

Dineo Letshwitti, Rhonda Roberts and Fernando Garcia-Barbon take a brake from sorting clothes.

"They're not here, Warden."

Led by Ben Redding, Michelle and Melanie organize the jail break.

Mike didn't take the loss to the Sophomores too well.

Almost aNyThInG gOeS

February 3, 1996

This was a time where we could go "buck" wild and it was okay with everyone. Almost Anything Goes included games such as: Fish in the Basket (a girl was dragged on a blanket by two boys, then she was to throw a ball into the basketball hoop); Snuggle (a guy and a girl ran with an inner tube towards the center of the gym then they had to place it over their head and step out of it, thus they "snuggled"; and I'm sure our most favorite was Post-a-Pedic Pass (someone light was placed on a mattress then sent down a wave of hands towards the other end of the line. It was either you played or you payed). 1st place winners were the Sophomores. In 2nd place were the Juniors and tying in 3rd place were the Seniors and Freshmen.

Kathi Sutton gives her scores as an expectant Junior looks on.

Congratulations Dan,
 We're very proud of you and all your accomplishments. You have worked hard at your studies and music these past four years. Remember to let God lead you through your college years as well as your entire life. We love you, hugs and kisses

Mom, Dad, Nikki, Paula, Keith

Melanie,

Congratulations! You finally made it to BMA and you're a graduating senior. You worked hard to get there and you deserve the success you've achieved. You have living proof that God does hear and answer prayers even though you sometimes have to wait. Practice putting God first.

Love,
 Dad & Mum

"For I know the plans I have for you" declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future."

Stacy was an exceptional baby
 She hardly ever cried
 As a child she was enthusiastic
 On her "good ideas" we relied

She liked to play with dolls and cats
 When she was very small
 These things were replaced
 as she grew up
 By friends and school and all

And now she is graduating
 The years have gone so fast
 We know she'll be successful
 Because God's blessings will last

Grandma Be & Pop Pop

Samuel M. Hutchinson

Our little boy--at last little 19 years ago!
Today a young man--ready to conquer the
world--ready to build your own life.

We pray that we have given to you the
tools you need for success. Love, honesty,
perseverance and most importantly a
working relationship with Christ.

A word of wisdom: "You can do anything
you want...just read the instructions."

And your favorite--"A job half done is not
done at all."

But the most important thing to remember
is this--

"Only one life will soon be past--only
what's done for Christ will truly last."

Mom and Dad

It's your choice!

Get your facts straight

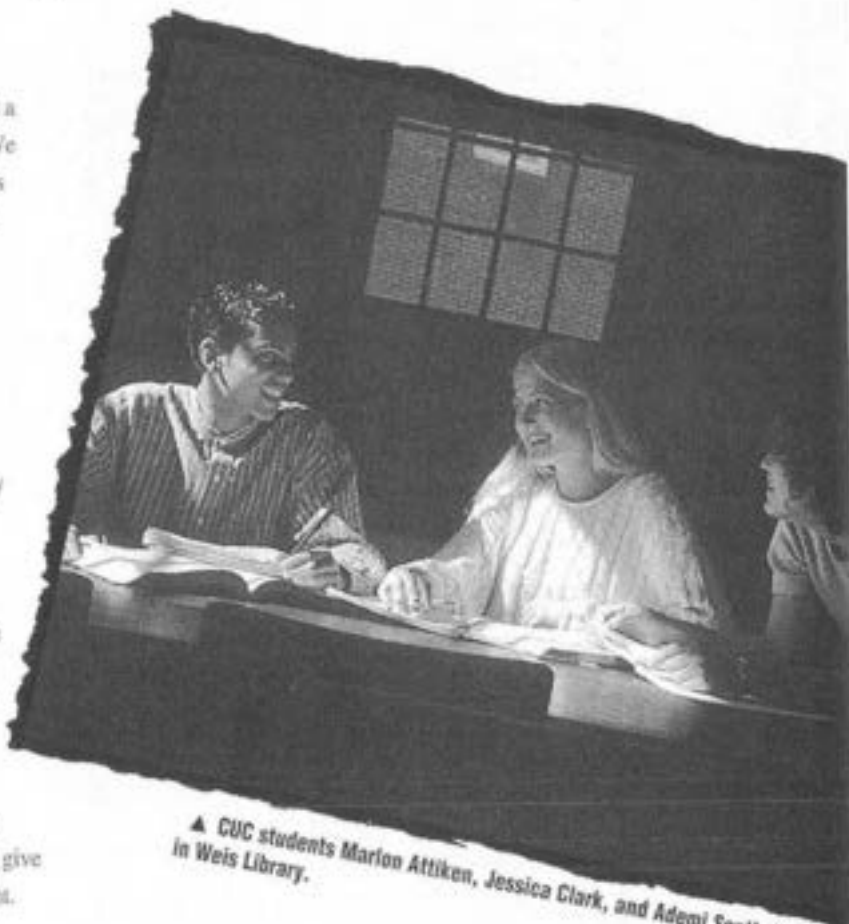

At Columbia Union College we know it's a hard decision to choose the "right" college. We thought we'd help by letting you know what's available at CUC. Here are a few samples of what's hot and what's not:

what's hot

you're a name
wear what you want
being an individual
touring D.C.
campus ministries
60 local SDA churches
playing in NCAA II
working at the
National Gallery of Art
singing at Carnegie

what's not

you're a number
dress codes
following the crowd
touring a county library
being a couch potato
only one choice
playing nintendo
working at burgersville
singing in the shower

▲ CUC students Marion Attiken, Jessica Clark, and Ademi Santiago studying in Weis Library.

Do you want to know more?

If you would like to know more about the choices you have at Columbia Union College give us a call. We'll help you get your facts straight.

Dear Andy,

CONGRATULATIONS-WE MADE IT!!
It's hard to believe you are really graduating, it has gone by so fast. You are a son that would make any parent, brother and sister proud. You have grown into a real great young man with a lot of potential. Never lose sight of your goals and ideals, always keep God first and last in all you do. Congratulations: May God bless you as you go on to college and train for his service.

Love,
Mom, Dad,

Ricky & Family

Dear Erica

It has given us much joy to watch you grow into such a beautiful young lady. Your generous spirit, strength of character and loyalty in friendships make you the special person that you are. We know that God has a unique plan and purpose for your life which he will continuously reveal as you keep him close to you.

Congratulations!

Love,
Mom and Dad

Congratulations Heath (Heathie)!

Ever since we can remember we've watched you work your hardest to follow your dreams, and it has paid off. Don't ever stop fighting for what you believe in. We are so proud of the young man that you have grown to be!

SENIORS...*express* themselves

don't look at the rain puddle behind you, look at the rainbow ahead

god will always find a way where there seems to be no way

when all your friends fail you, God won't

take chances in life, to prevent life from escaping your grasp

everyone else...why, hello there!

a rule without a reason is abuse of power

always be yourself

when you put your mind up to something follow through with it and let nothing get in your way

never betray a friend

keep God first in all you do

always stay free

value what you have now, so not to miss it when it's gone

always be loyal to your friends

go for the GOLD and always be GRATEFUL!

risk little, win little

live out your life to the fullest

love is like open arms, and if you close those arms you end up holding only yourself

if you want something you've got to believe in it

fear is the little darkroom where negatives are developed

don't be afraid to be yourself

hang in there, you'll make it!

show others His love

overcome your phobias

don't be ashamed of your race

don't let little things bake your potato

live like there's no tomorrow

keep it real

be yourself

be who you want to be, not what others want you to be

reach HIGH!!!

keep it REAL!!!

worry does not empty tomorrow of its sorrow but today of its strength

never give up the "climb" until you reach your goal

never forget what your parents have sacrificed for you

God should play the major role in your life

live your life with God, and he'll lead the way

sometimes you jump into a pool not knowing if you can swim

go for ABSOLUTE victory
